

USER MANUAL

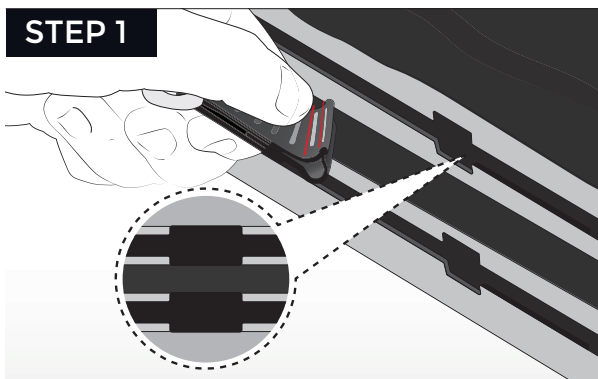

T-SLOT LOOP

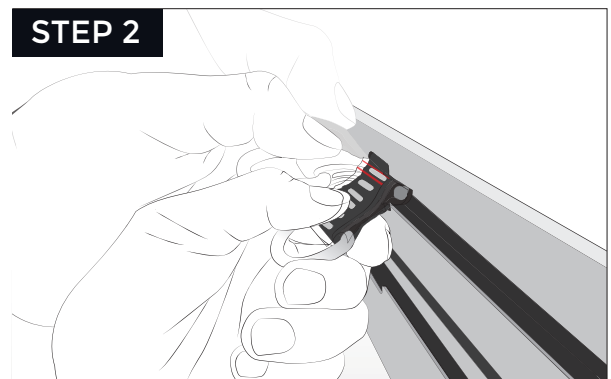

USER MANUAL T-SLOT LOOP

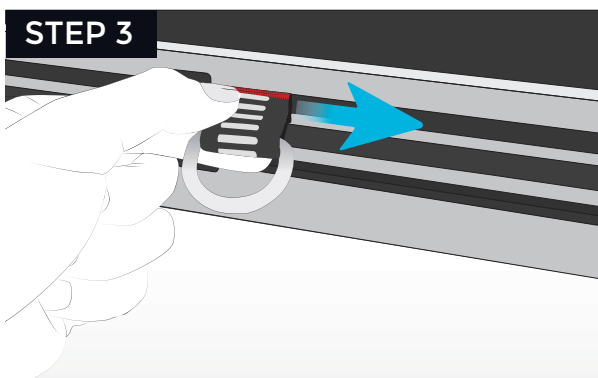

The part with red bar-tack must always point up.

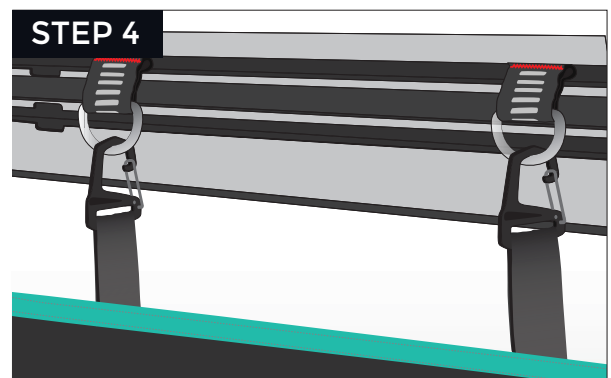

Insert the T-slot loop into the groove of the top frame.

Make sure that the red bar-tack on the loop is pointing up.

Move it to the position that you want to hang things up.

Once it is in place, you can hang up other items such as shoe bags.

Note: Item can be forcefully pushed into slot, including in non-slot-cut areas.
